

Reminder: Product Announcement

Vehicle Systems Cable Assemblies

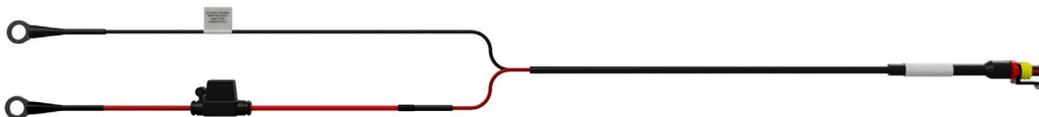

Vehicle Systems Cable Assemblies Part Number Changes: Power Leads and Communications Cables

This is a reminder of an announcement that was sent in the Fall of 2019 in regards to part number changes on Amerex power leads and communication cables. The changes have been fully implemented and cables are now being shipped under the new part numbers. Again, we ask that you please update your systems to reflect these changes. The tables below can be used to cross-reference the part numbers where applicable. Should you have any questions, please contact the Amerex VFSS team.
